

Dear Parent and Carers,

This term we have had The FA Skills Team come into the school and deliver **FREE FOOTBALL** lessons to your children, whilst supporting the teachers delivering football lessons within curriculum time.

The FA Skills Team are delighted to offer our School a holiday course during Easter half term for children aged 5yrs-11yrs only. The FA holiday sessions are a great way for children to try the programme for the first time, providing a great introduction to their weekly after school Skill Centres. The programme is perfect for children who also want to develop their football ability and if they just want to have fun during the holidays. There is more information about the Programme on FA\Skills.com
